

WOULD YOU BELIEVE A \$5.00 COLUMBIAN PERFIN?

The discovery of a Perfin on the \$5.00 Columbian issue and its subsequent sale for \$175.00, was reported to the editor by a dealer friend from Illinois at the recent Memphex stamp show in Memphis. Hopefully, a photo of this Perfin will be available for our January issue.

The stamp bears a "JH" Perfin, presumably that of the John Hancock Mutual Life Insurance Company.

Do any members have knowledge of other Perfins on Columbian values?
